# Bad Poem

Hi, I'm your kidney. I've got some stones. No, that's not a metaphor for how tough I am. I'm actually very delicate, and these calcium deposits, which have become large and sentient, are causing me great distress. So by extension, you are in great distress.

You could have your doctor send a hot laser up your urethra to destroy the stones, but I'm pretty sure that would just make them angry. My suggestion is a stealth attack with an antilithic. The stones won't realize they're dissolving until it's too late.

So dig up that hydrangea bush, chop up its roots, and blast away those kidney stones.

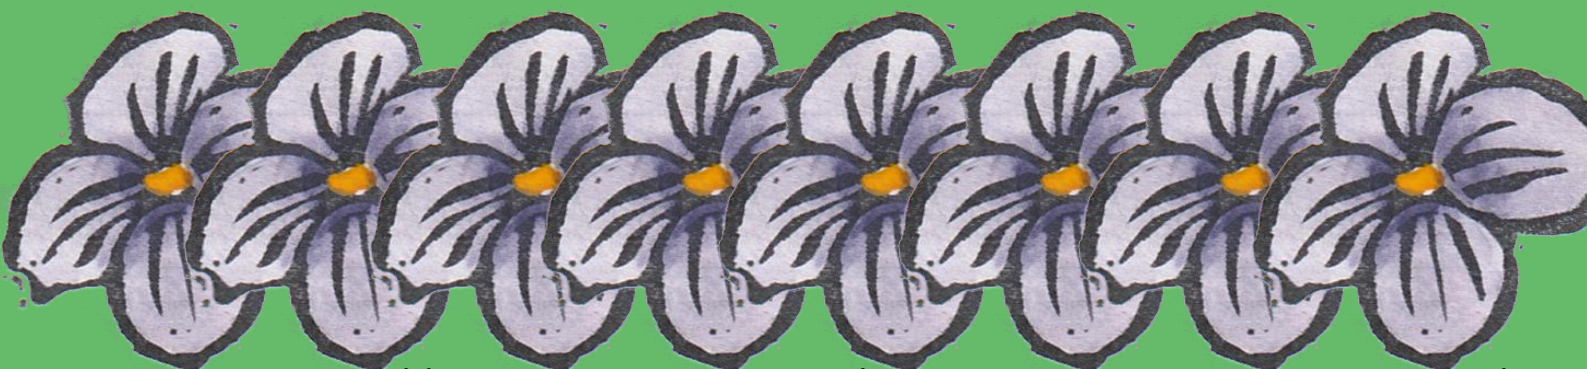

# Hydrangea Root Tea

One Teaspoon of Dried Hydrangea Root

A Cup of Boiled Water

Some Ice Cubes

1. Add one teaspoon of dried hydrangea roots into a ceramic teapot along with one cup of boiling water and steep for 8-10 minutes.
2. Now pour the tea into a cup and drink it three times a day, regularly.
3. To make iced tea, empty it into a pitcher and refrigerate it for 12-15 minutes. Add some ice cubes and enjoy!

# Language of Flowers

Stop sending people  
clear, direct messages.

Send your message  
through metaphor and  
mystery. Send it with  
flowers.

Hydrangea, pink or  
violet, means:  
Ostentation, falsehood

What did poor  
hydrangea do to  
deserve that  
meaning? I'm now  
questioning my love  
for its globe-like  
inflorescence.

# Rant

So R v. W - some of you aren't going to like this.

Take your power back

You've allowed the government to tell you what you can and can't do regarding issues that are none of their business. Now it's blown up in your face.

Take your power back

The government is not your friend, not your protector, not your savior.

Take your power back

Should I use 'our' and not 'you' in this rant?  
Probably.

Take our power back
